

Your eco-friendly event

when every action counts

Conference

Symposium

Gathering

Festival

Meeting

Derby

Gala

Festive evening

Easy

Let our Green Team accompany you with ease through all stages of the organization of your event to reduce your ecological footprint.

Flexible

A turnkey service, available throughout the year to help you reduce and offset the greenhouse gases produced by your event. May include training and equipment specially developed for your event.

Resourceful

An experienced team providing trilingual regional services (French, English and Cree), adapted to the specific requirements associated to nordicity and remotenss.

A small gesture for our community

The Green Team will guide you to offset your greenhouse gas (GHG) in the manner best suited for you. Whether you prefer a tree planting or the creation of a beautiful urban green space in a park or a school yard, we will ensure your action reflects your values and environmental and social priorities.
